

ASIS International Preferred CPE Provider Program

On behalf of ASIS, we would like to thank you for your support and for continuing to be a part of our Preferred CPE Provider Program.

Company Name:	Securitas Uruguay
Type of Provider Event:	Renewal
Date of Effective Status Period:	02/29/2024
Expiration Date	02/28/2025

The Preferred Provider Program allows organizations to award recertification continuing professional education (CPE) credits for their security- or business management-related continuing education offerings.

We would like to take the opportunity to remind you that organizations with ASIS Preferred CPE Provider status must clearly advertise which education offerings meet the criteria for CPE credits by displaying an "ASIS Preferred CPE Provider" logo. For more information, please refer to the logo usage guidelines attached.

Your organization will continue to:

- have uninterrupted access to the [Preferred CPE Provider Community](#) in Connects where you may access the **new program logo** for use on your website on the course descriptions, marketing materials, certificates of attendance, and letters of participation.
- be listed on the [Directory of Preferred CPE Providers](#) linking directly to your course offerings page using the URL submitted as part of the application.

The Preferred CPE Provider status is awarded annually. ASIS will email providers renewal reminders directly to your primary administrative contact 90, 60, and 30 days from the expiration date.

If you should have any questions, please contact me at preferredprovider@asisonline.org.

Thank you again for continuing to be part of our program.

Sincerely,

A handwritten signature in black ink, appearing to read "Iris Casco", on a light gray background.
